Experiences

General Secrétariat for European Affairs - Borders, Migrations & Asylum

April - September 2022

Project Intern

Paris, France

- Monitored the EU response to the Ukrainian refugee crisis and contributed to communicating France's response to the European Commission and EU member states.
- Contributed to structuring France's position and diplomatic actions in Justice & Home Affairs' matters: negotiations of the Eurodac regulation, the Solidarity Declaration, and the reform of the Schengen Borders Code.

Paris School of Economics/Harvard University

May - October 2021

Research Assistant (part-time)

Paris, France

- Research on expressive voting & candidates' electoral positioning and communication in cantonal and legislative elections, using election manifestos.
- Mainly performed data collection and data cleaning/dataset organization.

French Ministry of Defence - Higher Military Education Department

January - June 2021

Project Intern

Paris, France

- Conducted research to support the development of new training material for senior officers' training at the *École de Guerre*: geopolitics of cyberspace, space militarization, climate change & the military, international humanitarian law, etc.

French National Court of Asylum - Research Office

July - December 2020

Research Intern

Paris, France

- Conducted research on the political and security situation as well as the main threats to human rights in asylum-seekers' countries of origins: country-report focused on Mauritania, report on the Sahel's main jihadi groups, report on the 2020 Sudanese Peace Agreement, etc.
- Developed and implemented a methodology used to estimate violence levels by region using ACLED data.

National Taiwan University

April - June 2020

Research Assistant (part-time)

Taipei, Taiwan

- Conducted research on the interactions between Covid-19 and Chinese domestic politics.
- Mainly performed literature review in French and English, of both academic and grey literature.
